As Manager of Public Relations for a clinic in Kansas City - Managing those relations has literally, never been easier! 5x easier, more organized, and efficient than any other lead generation service we've used. They've provided us with people who need real help and we've been able to help so many! Can't say enough about this service/partnership.

I can't wait for win wednesday. we went live with our ad yesterday and already have consults booked.

also, had 2 consults come in last week organically- using the new process BTL has taught us, I was able to close a client I would have assumed wasn't ready and she was- she just needed the right person to make her feel good about it (we buy on emotion, right?). im thrilled so far because we can see the actions immediately.. and its only day 2 of our launch! can't wait to see what happens next.) thanks BTL!

The team was great to work with they really care about trying to get you quality leads. They work with the staff to train them so the leads don't go to waste. We had several good patients and all in all we are very satisfied and happy with the service. Thanks!

Be Top Local is THE BEST in the business! They are efficient and make following up on Leads effortless! I was fortunate enough to work with Scott and he is at the Top of his game. He provided excellent customer service and paid attention to every detail and aspect. He was efficient and fluent and was a delight to work with. This is a great company and would highly recommend them to anyone in need of this service.
